

Rapid Alert System for dangerous non-food products

Alert number	A12/0733/17
Category	Gas appliances and components
Risk level	Serious risk
Product user	Consumer
Product	Gas fire
Brand	GAZCO
Name	Flue Logic HE, E-Box and E-Studio
Type / number of model	Information on models, types and serial numbers is given in the company recall notice.
Batch number / Barcode	The gas fires affected were manufactured between February 2013 and October 2015.
OECD Portal Category	79000000 - Plumbing / Heating / Ventilation / Air Conditioning
Description	Chimney/flue gas-fired heaters, no packaging.
Country of origin	United Kingdom
Alert submitted by	United Kingdom
Risk type	Asphyxiation
Risk	Aluminium rivets were used instead of steel rivets for the fixings for the draught diverter plate. Failure of the rivets could lead to the draught diverter plate moving out of position which, in combination with the failure of the safety cut off switch, could cause carbon monoxide to enter the room. The product does not comply with the requirements of the Gas Appliances Directive.
Measures adopted by notifying country	Measures taken by economic operators: Other, Warning consumers of the risks (By: Distributor, Manufacturer)
